

Grow, nourish, sustain. Together.

Edinburgh's World Food Day Festival October 16th 2020

World Food Day 2020 is about coming together to celebrate our local food heroes – farmers, growers, cooks and everyone working to help people get good food.

Edible Edinburgh and our partners believe that it has never been more important to eat well and use good food to connect with our communities.

We are looking for people of all ages and backgrounds to organise or join in with a growing, cooking or shared eating activity to support World Food Day. Big or small, virtual or in-person, we can help you plan and showcase your activities.

Find out how to get involved and see what's happening across Edinburgh to celebrate World Food Day 2020:

www.edible-edinburgh.org

Through the above link you can also find out how to register your activities to get support from and apply for small (£150) grants with Food for Life Get Togethers. Deadline for grant applications for World Food Day activities is 12pm on 15 September.

In October, Peas Please are hosting Veg Fest, an e-conference exploring how to make it easier for everyone in the UK to eat more veg. On World Food Day, Edible Edinburgh partner Edinburgh Community Food will take part in an online panel with other UK Veg Cities to explore what local action within communities can do to increase veg consumption.
